Subject: Permit to Commence Small Mining Operations, Skutumpah Enterprises, LLC., Mill Creek/Burnt Shale Mine, S/025/0028, Kane County, Utah

Dear Mr. Robinson:

The Division finds your notice of intention (Notice) complete and approves the reclamation surety for the Mill Creek/Burnt Shale mine. You are now permitted to conduct small mining operations on 5 acres as outlined in the Notice, provided you have written approval from the Bureau of Land Management. Attached is a copy of the approved Reclamation Contract. The Division understands that the BLM is holding your Letter of Credit for the required reclamation surety.

Please keep in mind the following regulatory requirements.

- The Division must be notified no later than 30 days after beginning mining operations.
- Mining disturbance is only allowed in the area identified in the Notice
- Stockpiling topsoil material prior to beginning activities will help ensure successful revegetation. Even the first few inches of undeveloped material are worth saving to aid in later revegetation efforts, and future regulatory surety release.
- If you encounter any archaeological or historical items, you are asked to notify this office, the BLM and State History of your find.
- Annual permit fees are due July 30th each year
- Annual reports are due by December 31st each year
- The reclamation surety will be reviewed every 3 years.
- The Division requests that the disturbed area boundary (including access/haul roads) be marked with metal T-posts to identify the area permitted for mining

The Division's web page at <http://ogm.utah.gov/> under the Mining Program has a link to the rules you are expected to operate under and other information to assist you in complying with program requirements. Thank you for your cooperation. In reply, please refer to file number S/025/0028. If you have questions or concerns regarding this letter, please contact, Lynn Kunzler at (801) 538-5310. Best wishes with your mining venture.

Sincerely,
